Certificate of Graduate Study and Specialist Requirements

Certificate Program of Study

A program of study is a list of courses that satisfy the requirements for the certificate. Every degree-seeking student, including students enrolled in a certificate program, must complete a program of study (POS) form approved and signed by student's academic advisor, and approved by the graduate director of the program that administers the certificate and the dean of the Graduate School. The signed POS is sent to the Graduate School and placed in the student's file. Credits may not be used on more than two degree programs of study. This formal agreement serves a number of purposes that benefit both the student and the University. It causes the student and advisor to engage in early planning with a specific goal in mind; it provides information on program requirements and for the planning of course offerings; it facilitates subsequent advisement; and it protects the student in the event of unexpected curriculum or faculty changes. The student must file a completed POS form prior to graduation. If necessary, an approved program of study can be modified with a Request for Program Adjustment (G-RPA) form.

Transfer Credit

Course work not part of a completed certificate program or graduate degree from USC or another institution may be transferred for credit toward a Certificate of Graduate Study or Specialist Degree. No more than 6 hours of credit may be transferred into graduate certificate programs of 12 to 17 hours; no more than 9 hours of credit may be transferred into graduate certificate programs of 18 or more hours. Only credits with grades of B or better (equivalent to 3.0 on a 4.0 grading scale) may be transferred from another institution into a Certificate or Specialist program.

Course work transferred for credit toward a Certificate of Graduate Study or Specialist Program must be from an accredited institution and must be no more than six years old at the time of graduation.

Course work transferred from another institution for credit toward a graduate certificate or specialist program must be relevant to the program and have course content and a level of instruction equivalent to that offered by the University's own graduate programs. Approval for acceptance of transfer credit to a student's program of study must be approved and justified by the student's academic department and submitted to the dean of the Graduate School for final approval on the request for transfer of academic credit (G-RTC) form.

Master's Degree Requirements

A Second Master's Degree from USC

When a student applies for a second master's degree from USC, e.g., Master of Arts following a Master of Science, or a Master of Arts following a Master of Education, the candidate must meet the requirements of the second degree in full. However, with approval of the program and the dean Graduate Studies of the Graduate School, up to 12 semester hours from the program of study of a previous USC graduate degree or a master's degree awarded by another institution may be applied toward the second USC degree. Students are advised to seek approval for the inclusion of hours from the previous degree before applying to a second master's degree program.

Concurrent Enrollment

Concurrent enrollment is when a student is admitted to and enrolled in two graduate programs at the same time. The University offers several formally approved Graduate Dual Degree Programs. Students wishing to concurrently enroll in two degree programs not formally approved as dual degree programs may do so with special permission of the graduate programs and the dean of the Graduate School. With the approval of the programs and the dean Graduate Studies, up to 12 credit hours may be shared on both programs of study, but programs may elect to allow less shared hours. However, if a student is concurrently enrolled in a master's and a doctoral program in the same discipline, the number of credit hours applicable from the master's program toward the doctoral program is limited to 9 hours.

Concurrent and Dual Enrollment Programs of Study

For dual degree and concurrent degree enrollment, students are required to submit an individual program of study for each degree program. Credits used for more than one degree may not be used on more than two degree programs of study. With approval of the program and the dean of the Graduate School, students concurrently enrolled may use no more than 12 credit hours that are common to all programs of study. However, if a student is concurrently enrolled in a master's and a doctoral program in the same discipline, the number of credit hours applicable from the master's program toward the doctoral program is limited to 9 hours. Programs may allow fewer than 12 shared hours or the 9 shared hours for the same discipline concurrent enrollment.

Transfer Credit

Course work not part of a completed certificate program or graduate degree from USC or another institution may be transferred for credit toward a master's degree. No more than 12 semester hours of graduate credit may be transferred into a master's program that requires 30-36 hours; no more than 15 semester hours of graduate credit may be transferred into a master's program that requires 37-45 hours; and no more than 18 semester hours of graduate credit may be transferred into a master's program that requires 46 or more semester hours. Only credits with grades of B or better (equivalent to 3.0 on a 4.0 grading scale) may be transferred from another institution into a

Master's degree program. Course work transferred for credit toward a Master's degree must be from an accredited institution and must be no more than six years old at the time of graduation.

Course work transferred from another institution must be relevant to the program and have course content and a level of instruction equivalent to that offered by the University's own graduate programs. Approval for acceptance of transfer credit to a student's program of study must be approved and justified by the student's academic program and submitted to the dean of the Graduate School for final approval on the Request for Transfer of Academic Credit ([G-RTC](#)) form. Transfer credit is not posted to the student's official academic transcript until the term of graduation.

Doctoral Degree Requirements

Concurrent Enrollment

Concurrent enrollment is when a student is admitted to and enrolled in two graduate programs at the same time. The University offers several formally approved [Graduate Dual Degree Programs](#). Students wishing to concurrently enroll in two degree programs not formally approved as dual degree programs may do so with special permission of the graduate programs and the dean of The Graduate School. With the approval of the programs and the dean of The Graduate School, up to 12 credit hours may be shared on both programs of study, but programs may elect to allow less shared hours. However, if a student is concurrently enrolled in a master's and a doctoral program in the same discipline, the number of credit hours applicable from the master's program toward the doctoral program is limited to 9 hours.

Concurrent and Dual Enrollment Programs of Study

For dual degree and concurrent degree enrollment, students are required to submit an individual program of study for each degree program. Credits used for more than one degree may not be used on more than two degree programs of study. With approval of the program and the dean of the Graduate School, students concurrently enrolled may use no more than 12 credit hours that are common to all programs of study. However, if a student is concurrently enrolled in a master's and a doctoral program in the same discipline, the number of credit hours applicable from the master's program toward the doctoral program is limited to 9 hours. Programs may allow fewer than 12 shared hours or the 9 shared hours for the same discipline concurrent enrollment.

Transfer Credit

Course work not part of a completed certificate program or graduate degree from USC or another institution may be transferred for credit toward a doctoral degree. A limited amount of course work may be transferred from another institution for credit toward a doctoral degree. The exact number of transfer hours varies by program, but may not constitute more than 50 percent of the hours listed on a program of study, not including dissertation preparation (899) or the equivalent.

The transfer course work must be relevant to the program and have course content and a level of instruction equivalent to that offered by the University's own graduate programs. Approval for acceptance of transfer credit to a student's program of study must be approved and justified by the student's academic program and submitted to the dean of the Graduate School for final approval on the Request for Transfer of Academic Credit ([G-RTC](#)) form. Only credits with grades of B or better (equivalent to 3.0 on a 4.0 grading scale) may be transferred from another institution into a doctoral degree program. Course work transferred for credit toward a doctoral degree must be from an accredited institution and must be no more than ten years old at the time of graduation.

Graduate Academic Regulations

Transfer of Course Credit

Course work not part of a completed certificate program or graduate degree from USC or another institution may be transferred for credit toward a Certificate of Graduate Study, a master's or a doctoral degree. Course work transferred from another institution must be relevant to the program and have course content and a level of instruction equivalent to that offered by the University's own graduate programs. Approval for acceptance of transfer credit to a student's program of study must be approved and justified by the student's academic program and submitted to the dean of the Graduate School for final approval on the Request for Transfer of Academic Credit ([G-RTC](#)) form.

No more than 12 semester hours of graduate credit may be transferred into a master's program that requires 30-36 hours; no more than 15 semester hours of graduate credit may be transferred into a master's program that requires 37-45 hours; and no more than 18 semester hours of graduate credit may be transferred into a master's program that requires 46 or more semester hours. Only credits with grades of B or better (equivalent to 3.0 or a 4.0 grading scale) may be transferred from another institution into a Master's or doctoral any graduate degree program. Course work transferred for credit toward a Master's degree, Graduate Certificate or Specialist Program must be from an accredited institution and must be no more than six years old at the time of graduation and coursework transferred into a doctoral degree program must be no more than ten years old at the time of graduation. Transfer credit is not posted to the student's official academic transcript until the term of graduation.
